EXPLANATIONS

1. The above table shows distributed and planned NFI kit distributions against damaged houses at district level. It also shows NFI kit distributions at sub-district level.
2. Data on slightly affected households has not been included.
3. The data is based on information received so far from implementing agencies (on distributions) and the GoI (on population and affected households). These figures are not definitive.

REFERENCES

- a. Population (numbers of households per district and subdistrict) and damage (district level only) - GoI, 2008
- b. Coverage data - gathered from reports submitted to the Shelter Cluster (up to 21st October 2009)
