

## Meeting Notes Special “Hararge Response” ES/NFI Cluster meeting, IOM office

21st July 2016, 10:00 – 11:00 pm

Present: IRC, IMC, IOM, ICRC, ERCS, GOAL, DFID, OCHA. ACF provided input per email.

Action points	
Share assessments of Kumbi Woreda	IRC/IMC
Coordinate the needs and responses with the O-DPPB and NDRMC.	ESNFI cluster
Share GPS data with OCHA	All

### 1. Introduction

### 2. Situation Update East Hararge

- IRC in collaboration with IMC is planning to distribute **2.000** ES/NFI kits to Kumbi Woreda. Those are currently stored in Awasa. Assessment and beneficiary / area selection is ongoing in collaboration with the regional authorities. IMC has offices in Oromia, including one in Meno.

#### AP: IRC/IMC to share assessment

- ICRC in collaboration with ERCS is planning to distribute **4.000** ES/NFI kits to Kumbi Woreda. Approximately 2 weeks ago an assessment was done and beneficiaries identified. Unfortunately the distribution was delayed.
- Since the situation is very fluid, many people have moved again, another assessment and beneficiary / area selection is being conducted by the authorities.
- GOAL has presence in Fadis Woreda and when there is a need, has capacity to distribute ESNFI kits from Partner organizations.
- ACF provided input via an email that it has (non ESNFI) programs in Bedeno and Girawa Woredas. ACF is ready to receive the ESNFI gaps and to see if they could support, if need be.
- DFID mentioned that NDRMC has **5.085** of their ESNFI kits stored in Oromia. DFID is in the process of developing an MOU with the government / NDRMC with detailed agreements on future deployment of the DFID stocks

### 3. Situation Update West Hararge

- ERCS reported that it has distributed 483 ESNFI kits to Arsi last week (around 10th July).
- ERCS will distribute 641 kits to Hewi Gudina woreda the coming weekend (23-24 July)
- The cluster received a message that Oromia DPPC has requested from NDRMC to distribute NFIs to 6824 people in Bale, Arsi, West Arsi woredas.

### 4. Response Coordination

- All organizations agreed that working in the same area's should be avoided to prevent overlap. Therefore the ICRC/ERCS and IRC/IMC need to keep each other informed with the cluster coordinator in copy.
- The provided support in terms of kits and beneficiary selection criteria should be comparable. IRC share a list with its kits content (see annex kits from ICRC/ERCS and IRC/IMC).
- The ESNFI cluster will coordinate the needs and responses with the O-DPPB and NDRMC.
- The cluster will gather, analyze and disseminate all information concerning this crisis.

## 5. AOB

- OCHA requests for GPS coordinates of sites, woreda borders etc. for mapping purposes.
- IRC reported that it is planning to respond to Laban and Dawa zones of **Somali** region where there is still an assessed need for NFI's for 702 HHs. Number of HHs per woreda: Dekasuftu 251 HHs, Hudet 201 HHs and Kersadual 250HH.

**NEXT "Hararge" meeting will be held on an Ad Hoc basis.**
