

Rakhine

Kachin/Northern Shan

NEED ANALYSIS

- In **Rakhine**, approximately 120,789 people remain displaced across 36 camps or camp-like settings. In **Kachin/Northern Shan**, over 99,970 IDPs are mostly dispersed over 178 camps or camp-like settings but around 10,000 with host families.

RESPONSE

- Rakhine:** Emergency shelter response in 2012/13 and temporary shelter response in 2013 for 140,000 IDPs. Care and maintenance in 2014/15. Owner-driven housing solutions in places of origin/relocation in 2015 for 26,800 IDPs, reducing number of camps from 67 to 36. Government plan to assist with individual housing in 2016, which combined with 2015 progress, could have benefitted in total 40,000-50,000 IDPs, stalled. This meant major repair/maintenance of temporary shelters in 2016-2017. 12 month camp profiling covering Sittwe Township camps completed June/July 2017.
- Kachin/NS:** Main contribution was local-faith based NGOs in 2011/12. Cluster focus has been to enhance technical capacity, including greater awareness of and adherence to minimum standards. Five rounds of camp profiling covering 130 sites completed. NFI coverage only needed for vulnerable IDPs, new displacement or winter items.

GAPS / CHALLENGES

- Prone to natural disasters, **Rakhine** remains potentially volatile context where underlying social, political and economic causes cannot be solved completely with humanitarian response. Solutions that avoid ethnic segregation and support communities to become self-reliant are needed, however, elections, lengthy period of transition and major instability in northern Rakhine State is inhibiting long-term planning and perpetual cycle of repairing and replacing temporary shelters.
- Belated international engagement in **Kachin/NS** required huge information gathering/operational undertaking to address shortfalls. Protracted nature means perpetual cycle of repairing and replacing temporary shelters. Significant variations for quality and quantity of assistance provided partly due to very limited access to non-government controlled areas.

KEY DATES – Activated in January 2013

Rakhine

2012: Violence and burning of houses in June and October lead to displacement of 140,000 people.

2014: Suspension of humanitarian activities due to violence and ransacking of 33 UN and INGO offices.

2015: Cyclone Komen and flooding in August caused damage to over 13,000 houses.

2016-17: Violence/displacement in northern Rakhine State.

2017: Cyclone Mora causes serious damage to temporary shelters in central Rakhine State.

Kachin/Northern Shan

2011/12: Conflict in Kachin lead to tens of thousands displaced

2013: Conflict spreads to Northern Shan State.

2014-17: Conflict continues, with increasing severity in some areas, notably northern Shan.

Rakhine

(Myanmar) June 2017

NEEDS ANALYSIS

- >120,000+ people remain displaced across 36 camps/camp like settings as a result of two spates of violence/burning of houses in 2012. 20-25% decrease in IDP population in 2015 due to individual housing solutions.
- >Cyclone Komen and flooding in August 2015 resulted in severe damage to over 13,000 houses.
- >Violence/displacement in northern Rakhine State.
- >Cyclone Mora caused serious damage to temporary shelter for 30,000 IDPs in central Rakhine.

RESPONSE

- 2012-2013:** Emergency shelter response for 140,000 persons (see images above/top left & right).
- 2013:** Mass temporary shelter response for over 140,000; 45% funded/built by Government (see image above/bottom left).
- 2014-2015:** Care & maintenance of temporary shelters.
- 2015:** Owner driven housing solutions for 26,800 IDPs (see image above/bottom right) in place of origin/new locations. 50% funded/built by Government & 50% international community, reducing number of camps from 67 to 36.
- 2016:** Government plan to assist with individual housing in 2016, which combined with 2015 progress, could have benefitted in total 40,000-50,000 IDPs, stalled. This meant major repair/maintenance of temporary shelters in 2016.
- 2017:** 12 month camp profiling covering Sittwe Township camps completed June/July 2017.

GAPS / CHALLENGES

Remains high risk & potentially volatile context where underlying *social, political* and *economic* causes cannot be solved solely with humanitarian response. Identify solutions that avoid ethnic segregation & support communities to become self-reliant & no longer dependent on aid. International donors remain cautious on direct support to the State. Recent elections, lengthy period of transition with 2016 witnessing *most* significant political change since 1962. Highly prone to natural disasters, flooding/cyclones.
