Demolitions (Jan-Mar 2016):	475	of which 187 are residential displacing 663 individuals, including 331 children
Donor-funded structures:	140	of which 70 are residential

Monthly Average	2015	2016	% increase
All structures	46	158	240%
Residential structures	17	62	265%
Donor-funded structures	9	49	440%
Donor-funded residential	4	23	475%

During the first three months of 2016...

59 communities have been impacted by demolition, affecting **1,819** people.

In **8 major** incidents, most or all of the structures in the community were destroyed.

The number of residential structures demolished is equivalent to **95%** of the total number of residential structures demolished in 2015.

The **140** donor-funded structures demolished represents **130%** of donor-funded structures demolished in the whole of 2015.

38% of structures demolished in 2016 were previously affected by demolition.

It is becoming increasingly difficult to provide humanitarian aid due to **obstruction, confiscation or seizure** of post-demolition assistance.

Gaza

Winterization

2,000 families received NFIs as part of winterization interventions targeting caravans and temporary displacement sites from **3** organizations.

IDP response

Over **14,800** families remain displaced as a result of the 2014 conflict.

1,070 families will receive **cash for rent** for at least 6 months in 2016 – however there is an **urgent gap in assistance** for over **12,507** families in need due to lack of funding, leaving over **6,500** families renting temporary accommodation at **risk of eviction**.

The IDP re-registration survey revealed that **92%** of IDPs felt they needed more information on overall Gaza reconstruction, while **32%** required more information on possible return.
