#### Other discussions:

- LDO and CDO updated that government has not come up with a straight planning about shelter construction. However, they are not encouraging any organisation to construct Temporary Shelter and are requesting organisations to build permanent shelter instead.
- CDO and LDO have also NGO's working in Rasuwa to organise a monitoring and evaluations trip of their activities.
- Manikor Society in support of Lutheran World Federation, distributed CGI sheet in Gatlang VDC last week, and are in the process of planning additional shelter assistance in Gatlang, meaning a duplication of CGI distribution has occurred, as GOAL are already working in Gatlang. Further discussions necessary to conclude on best course of action going forward.
