

OUTCOMES TECHNICAL WORKSHOP

**IT IS TIME TO FOCUS ON THE
POSITIVE ASPECTS:**

**OPPORTUNITIES
&
STRENGTHS**

LOCAL BUILDING CULTURE

STRENGTHS / OPP (localized)

Supported by the government in key locations
Acceptance of pilots on LBC with local communities
Strong willingness of communities to engage
Local resources widely available in all regions
Strong intention of IDPs to locally integrate
Potential interest of private sector partnerships
Interest to do further research on soils

HOUSING LAND AND PROPERTY

STRENGTHS / OPP (localized)

Long experience looking at land tenure 2011

Permanent land is being provided in nr of locations

Legislation in some areas existing

Interest in land management resource systems

IDPs have access to local resources in nr of location

Advocacy is done by all stakeholders

OWNER DRIVEN APPROACHES

STRENGTHS / OPP (localized)

Improved understanding of ODA

Markets are stabilizing

Communities are able to invest/top-up themselves

Mobile transfer mechanisms are already in place

Provision of informed choices

Strong link with urban livelihoods

WHAT NEEDS TO BE DONE?

Inclusion of concrete activities in NDP
capacity building on LBC/BBS/LBC

Continuation of testing through pilots in all regions

Role of humanitarians

Legislation on LBC/BBS - Subsidies

Investment in the private sector – partnerships

Advocacy and changing mentality

Community Cooperatives

Land Management Resource Systems
